TALHA AHMED KEHAR

Senior Product Designer

talha.a.kehar@gmail.com +49 176 632 98506 Berlin (12049), Germany www.talhakehar.com

Product designer with four years in product and nearly seven in design, across online travel and B2B SaaS. Research-led, from discovery to shipped features: a 17.5% conversion uplift in booking funnels at Sastaticket, a design system at Salesflo, and an AI notetaker MVP at Makula. I prototype in Figma and code.

Work Experience

Makula | Freelance Product Designer **Sep 2024 - Dec 2025**

- Led UX/UI and prototyping for Makula's first AI feature, a notetaker for technicians on factory visits, working closely with customer success and product managers.
- Launched the MVP within a month and iterated on user feedback. The feature was well received, and the team went on to offer all users 30 free minutes of transcription.

Salesflo Pvt Ltd | UI/UX Lead **Oct 2023 - Apr 2024**

- Designed an end-to-end retail app covering onboarding and sign-up, search and order, payment and checkout, and a loyalty programme, delivering the first prototype for UAE retailers in one week.
- Built a component-based design system and UX Playbook that let the team design and hand off faster across a SaaS platform serving major FMCG companies.
- Led UX research and strategy, identifying critical usability issues and opportunities for improvement.

Sastaticket.pk | Product Design Lead **Mar 2022 - Oct 2023**

- Led and mentored a team of three designers, defining team goals and implementing agile design processes to improve overall design quality and velocity.
- Drove product growth and feature discovery by leading user research, market segmentation, and problem discovery workshops, directly influencing the product roadmap for a high-usage platform serving over 200,000 users.
- Implemented strict design governance to ensure platform-wide UX consistency and compliance with WCAG contrast and text-size guidelines.

Sastaticket.pk | UX Designer **Sep 2021 - Feb 2022**

- Executed detailed interface design, interaction design, and high-fidelity prototypes for high-traffic features, contributing to a 17.5% uplift in conversion rates for key user booking funnels.
- Conducted regular user research (usability testing, workshops, and interviews) to validate concepts and inform feature development priorities in an Agile environment.

Orenda | Visual Learning Designer **Sep 2020 - Jul 2021**

- Adapted scripts and lesson plans into engaging, fully animated video lessons for the Taleemabad Learning App.

ADA Magazine | Lead Designer **Aug 2018 - Aug 2020**

- Managed all print and digital layout design and web development for a leading architecture and design magazine.

PeaceNiche | Admin Coordinator **Jan 2013 - Jan 2014**

- Facilitated successful event management and social media for a key cultural space in Karachi (The Second Floor)

Sabeen Mahmud Archive | Volunteer Designer **Jun 2024 - Present**

- Designed and developed the Sabeen Mahmud Archive, a digital archive with information architecture, visual design, and front-end development.
- Built and maintained design systems for web and mobile platforms.

Education

MA - New Media Design University of Europe for Applied Sciences **Sep 2024 - Jul 2026**

- Valedictorian 2026
- Awarded Best Thesis Prize, 2026

BA - Communication Design Habib University **Aug 2014 - May 2018**

- Best Capstone, 2018
- Deans' List, Spring 2017
